About us

We Make Things Better & Easy

Incepted in the year 2021, at Goutam Buddha Nagar (Uttar Pradesh , India), We "**Hindustan Machine Tech Co.**" are a well-renowned manufacturer and supplier of a comprehensive range of Special Purpose Machines, Industrial Conveyors, Industrial Material handling Equipment, Jigs & Fixtures, Industrial Inspection Table and Work Benches, all kind of Spare Parts and SPM Machine's Services and all types of Industrial Fabrication,

Our Company Profile

We Make Things Better & Easy

Hindustan Machine Tech Co. is new startup company base on current industries market's requirement . We are providing the best quality products with long lead relationship with the customer satisfaction .

Our focus to “**We Make Things Better & Easy**” for our customers in fast growing technology .

Hindustan Machine Tech Co. offered machines are designed and manufactured using the finest Quality components with the help of sophisticated technology. These Machines are engineered with high precision to meet International Quality Standards.

It is our policy to supply products and services which always meet and or exceed both the design requirements and the quality specifications of customer contracts In addition, these machines are highly appreciated by our clients for features like durability, excellent performance, easy maintenance, simple installation, Sturdy construction and longer service life. Available in various technical specifications, these Machines are offered at the most reasonable price .

We Are Specialist

We Make Things Better & Easy

Hindustan Machine Tech Co. helps retailers, manufacturers and logistics providers to build smarter distribution and fulfillment operations, using the right mix of automation, software and labour. Reliable, high-performance solution from us .

Hindustan Machine Tech Co. utilize innovative concepts with industry-leading automation equipment and software to optimize productivity and deliver fast, accurate fulfillment.

OUR CORE VALUE

We Make Things Better & Easy

1. **Commitment**- For fulfilling our promises to end clients, our vendors and employees.

2. **Reliability and Consistency**- In system & processes for continuous enhanced performance

3. **Honesty and Integrity**- In all projects and relationships with our clients.

4. **Human Interaction**- We still believe and emphasize on human Interaction in all our routine activity.

SPM Machine

Split Brake Disc Assembly Machine

SPM (**Special Purpose Machines**) is a **high productivity machine**, Machining & Testing with specially designed tooling and fixture, dedicated for mass producing the same component day in and day out. A judicious combination of limit switches, sensors, logic controls, automatic job clamping etc is the essence of a SPM.

Industrial Inspection Table and Work Benches

Inspection Tables are generally used to provide a work surface to complete an inspection or assembly process. The units are constructed of a steel or an extruded aluminum frame structure. Steel structures feature an adjustable height work surface. The work surface features a perimeter rail. Included with an overhead light and discharge chute the entire unit is mounted on locking casters for portability.

High Intensity UV & White Light with External Power Supply

SERIES	PROPERTY	RESULT	UNIT
	UV-A Irradiance	4500 – 5000 & 6000 - 6500	$\mu\text{W}/\text{cm}^2$
HMTC-UVL-6D/WL-4D	White Light	1000	LUX
	Voltage	150-240 / 50-60	V / Hz
	Coverage (30 cm above the surface of a flat)	400 X 400	mm
	Lamp Body	L125 X D100 X H220 mm (All Dimension with handle)

Our Products

We Make Things Better & Easy

Feature of High Intensity Ultraviolet LED (Black) Light

Parameters	LED Based UV Light
Product	:- This Product is fully manufactured by Hindustan Machine Tech Co.
Startup Time	:- Immediate
Time of full intensity	:- Full Intensity Immediate after power on
Power consumption	:- 8 watt/Hr.
Heat Generation	:- No heating Temperature as LED standard
Weight	:- Easy to use by hand
UV-Filter	:- Ultraviolet hazardous rays Protection Filter for Safety
Radiation	:- No risk of UV radiation
Intensity	:- High Intensity with sharpness visible of cracks.
Operating Voltage	:- 150-240 VAC
Life of LED	:- Approx 15000 Hrs.
Life of intensity	:- Approximately 5% drop of entire life of LED.
Body	:- Good Quality (Material - Aluminum)
Warranty	:- One year warranty from date of dispatch.
Spares	:- Easily available at Our End.
Intensity of UV Light	:- As per Customer Requirement. (According to ASTM minimum requirement of UV Intensity should be $>1500 \mu\text{W}/\text{cm}^2$)

We Make Things Better & Easy

Our Team

We cultivate positive relationships with our team members, clients, and partners. We show respect, stand up for our own needs, communicate with courage, and show gratitude in our words and actions. As a team, we support each other through challenges and celebrations.
